Each Office is Independently Owned and Operated

Situated on an idyllic location in Nečujam on the island of Šolta, this building plot occupies a total area of 2670 square meters. It is positioned in a unique location, first row to the sea. It offers an open sea view and utmost privacy. Therefore it is ideal for the construction of a vacation property that you have always dreamed of. This magnificent plot comes with several benefits. Still, it is important to point out its superb seafront location and good access road, enabling future owners to plan the object that meets their requirements. The island of Šolta has excellent connections with the mainland, and there is a regular ferry boat line between Split and Šolta. The central ferry port of Šolta (Rogač) is just a short drive away from the plot. Due to its harmonious location with an inspirational sea view, large land surface, and unspoiled Mediterranean surroundings, this land enables you to construct a first-class contemporary property and experience the Dalmatian lifestyle at its finest.
