CONSTRUCTION LAND ON ISLAND BRAČ

This building plot is located 30 meters away from the sea, on the island of Brač, in the proximity of the place Bobovišća. The land has a total area of 530 m² and has already an obtained building permit for a residential object. According to the building permit, the property can consist of a total of 3 floors (basement + ground floor + 1st floor). Also, the total residential area of the built-up facility could amount to approx. 300 m². There is an access road to the land, and other infrastructure, electricity and water are available. The land is located in an area that is not densely populated and thus secures peace and privacy on an island, which is a well-known tourist destination but is also the island which is the most populated by the domestic population due to its excellent connection with the mainland.
